CHAIN OF CUSTODY

Only western rock lobster caught in the manner defined in the Unit of Certification shall be eligible to enter the Chain of Custody. Chain of Custody should commence following the first point of landing (i.e. if sold then such as back of boat sales) or when catch arrives at the processor (i.e. transportation to the processor is included in the fishery certificate), at which point the product shall be eligible to carry the MSC logo. There are no restrictions on the fully certified product entering further chains of custody. The Australia western rock lobster fishery does not require its own chain of custody certificate.
